Placing of instructions

You may give us instructions in electronic form through the Company's Online Trading System (Platform). We shall be authorised to follow instructions notwithstanding your failure to confirm them in writing. In this Agreement "instructions" and "orders" have the same meaning.

Types of Orders Accepted

Some of the types of orders the Company accepts include, but are not limited to:

- a. Good till Cancelled ("GTC")-** An order (other than a market order), that by its terms is effective until filled or cancelled by Customer. GTC Orders do not automatically cancel at the end of the Business Day on which they are placed.
- b. Limit-** An order (other than a market order) to buy or sell the identified market at a specified price. A limit order to buy generally will be executed when the ask price equals or falls below the bid price that you specify in the limit order. A limit order to sell generally will be executed when the bid price equals or exceeds the ask price that you specify in the limit order.
- c. Market-** An order to buy or sell the identified market at the current market price that the Company provides via the Online Trading System. An order to buy is executed at the current market ask price and an order to sell is executed at the current market bid price.
Stop Loss- A stop loss order is an instruction to buy or sell a market at a price which is worse than the opening price of an open position (or worse than the prevailing price when applying the stop loss order to an already open position). It can be used to help protect against losses. Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the stop loss order and as such, stop loss orders are not guaranteed to take effect at the price for which they are set.
- d. Trailing Stop-** A trailing stop is the same as a stop loss order with the only difference being that, instead of setting a price at which the order is activated, the trailing stop order is activated at a fixed distance from the market price. For example, if Customer has purchased a long open position and the market ask price increases, the trailing stop price will also increase and will trail behind the market ask price at the fixed distance set by Customer. If

the market ask price then decreases, the trailing stop price will remain fixed at its last position and if the market ask price reaches the trailing stop price, the order will be executed. Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the trailing stop order and as such, trailing stop orders are not guaranteed to take effect at the fixed distance for which they are set.

Following submission of an order, it is your sole responsibility to remain available for order and fill confirmations, and other communications regarding your Account until all open orders are completed. Thereafter, you must monitor your Account frequently when you have open positions in the Account.

Your order shall be valid in accordance with the type and time of the given order, as specified. If the time of validity or expiration date/time of the order is not specified, it shall be valid for an indefinite period.

Terms of Acceptance for Orders

It is your sole responsibility to clearly indicate the terms of an order when entered, whether it is a market order, limit order, stop loss order or any other type of order, including the relevant price and lot size. You acknowledge and agree that, despite our best efforts, the price at which execution occurs may be materially different to the price specified in your order. This may result from sudden price movements in the underlying assets that are beyond our control. The Company shall have no liability for failure to execute orders. The Company shall have the right, but not the obligation, to reject any order in whole or in part prior to execution, or to cancel any order, where your Account contains margin that is insufficient to support the entire order or where such order is illegal or otherwise improper.

Execution Policy

We are required to have an execution policy and to provide our clients with appropriate information in relation to our execution policy. Where you place orders with us, the execution factors that we consider, and their relative importance is as set out below:

- a. Price.** The relative importance we attach is “high”.
- b. Speed.** The relative importance we attach is “high”.
- c. Likelihood of execution and settlement.** The relative importance we attach is “high”.
- d. Size.** The relative importance we attach is “high”.

We are the principal to every order you place with us and therefore we are the only execution venue.

Cancellation of trades

We have the right to reject an order or to cancel a trade if we have evidence on:

1. fraud/illegal actions that led to the transaction;
2. any instance when the Company has cause to believe that a person's trading activities may be illegal;
3. any instance where The Company may suffer any fiscal, regulatory, or pecuniary disadvantage by virtue of anyone's activities;
4. any instance where one or more transactions are judged by the Company to have been performed in violation of this Agreement;
5. orders placed based on manipulated prices as a result of system errors or system malfunctions;
6. arbitrage trading on prices offered by our platforms as a result of systems errors; and
7. coordinated transactions by related parties in order to take advantage of systems errors and delays on systems updates.

We reserve the right to cancel any and/or all trading positions and withhold and/or forfeit any profits incurred by the Customer on all the Customer's trades if we consider that the Customer has engaged in market Arbitrage.

Authority

We shall be entitled to act for you upon instructions given or purporting to be given by you or any person authorised on your behalf without further enquiry as to the genuineness, authority or identity of the person giving or purporting to give such instructions provided such instruction is accompanied by your correct Account number and password. If your Account is a joint account, you agree that we are authorized to act on the instructions of any one person in whose name the Account is held, without further inquiry. We shall have no responsibility for further inquiry into such apparent authority and no liability for the consequences of any actions taken or failed to be taken by us in reliance on any such instructions or on the apparent authority of any such persons.

Cancellation/withdrawal of instructions

Non-market orders may be cancelled via the Company Online Trading System, but we can only cancel your instructions if you explicitly request so, provided that we have not acted up to the time of your request upon those instructions. Executed instructions may only be withdrawn or amended by you with our consent. The Company shall have no liability for any claims, losses, damages, costs or expenses, including legal fees, arising directly or indirectly out of the failure of such order to be cancelled.

Right not to accept orders

We may, but shall not be obliged to, accept instructions to enter into a Transaction. If we decline to enter into a proposed Transaction, we shall not be obliged to give a reason, but we shall promptly notify you accordingly.

Control of orders prior to execution

We have the right (but not the obligation) to set limits and/or parameters to control your ability to place orders at our absolute discretion. Such limits and/or parameters may be amended, increased, decreased, removed or added to by us at our absolute discretion and may include (without limitation):

- a. controls over maximum order amounts and maximum order sizes;
- b. controls over our total exposure to you;
- c. controls over prices at which orders may be submitted (to include (without limitation) controls over orders which are at a price which differs greatly from the market price at the time the order is submitted to the order book);
- d. controls over the Electronic Services (to include (without limitation) any verification procedures to ensure that any particular order or orders has come from you); and/or
- e. any other limits, parameters or controls which we may be required to implement in accordance with Applicable Regulations.

Trade Adjustments

Customers must be aware that Foreign exchange transactions carry a high degree of risk. The amount of initial margin may be small relative to the value of the foreign currency so that transactions are 'leveraged' or 'geared'. A relatively small market movement may have a proportionately larger impact on the funds that the Customer has deposited or will have to deposit. This may work against as well as positively for the customer.

The Company exclusively reserves the right to widen its variable spreads, adjust leverage, change its rollover rates and/or increase the margin requirements without notice under certain market conditions including, but not limited to, when the trading desk is closed, around fundamental announcements, as a result of changes in credit markets and/or at times of extreme market volatility. In such circumstances, the Customer agrees to indemnify The Company for any and all losses that may occur due the widening of spreads and the adjustment of leverage.

Execution of orders

We shall use our reasonable endeavors to execute any order promptly, but in accepting your orders we do not represent or warrant that it will be possible to execute such order or that execution will

be possible according to your instructions. If we encounter any material difficulty relevant to the proper carrying out of an order on your behalf, we shall notify you promptly.

Confirmations

At the end of each trading day, confirmations for all Transactions that we have executed on your behalf on that trading day will be available via your online Account on our website, which is updated online as each Transaction is executed. Confirmation of execution and statements of your Account(s), in the absence of manifest error, shall be deemed correct, conclusive and binding upon you if not objected to immediately by email if orders were placed through the Company Online Trading System or by telephone to the Company's Trading Desk, within five Business Days of making such confirmations available to you via our website or we notify you of an error in the confirmation within the same period.

In cases where the prevailing market represents prices different from the prices posted by the Company, the Company will attempt, on a best efforts basis and in good faith, to execute market orders on or close to the prevailing market prices. This may or may not adversely affect customer's realized and unrealized gains and losses.

Improper or Abusive Trading

The Company's objective is to provide the most efficient trading liquidity available in the form of streaming, tradable prices for most of the financial instruments we offer on the trading platform. As a result of the highly automated nature of the delivery of these streaming, tradable prices, you acknowledge and accept that price misquotations are likely to occur from time to time.

Should you execute trading strategies with the objective of exploiting such misquotation(s) or act in bad faith (commonly known as 'sniping'), The Company shall consider this as unacceptable behavior. Should the Company determine, at its sole discretion and in good faith, that you or any representative of yours trading on your behalf is taking advantage, benefitting, attempting to take advantage or to benefit of such misquotation(s) or that you are committing any other improper or abusive trading act such as for example:

- a. fraud/illegal actions that led to the transaction;
- b. orders placed based on manipulated prices as a result of system errors or system malfunctions;
- c. arbitrage trading on prices offered by our platforms as a result of systems errors; and/or
- d. coordinated transactions by related parties in order to take advantage of systems errors and delays on systems updates.

Then the Company will have the right to:

- a. adjust the price available to you; and/or
- b. remove the illicit profit without the clients' initial deposit been affected;

- c. restrict your access to streaming, instantly tradable quotes, including providing manual quotation only; and/or
- d. obtain from your account any historic trading profits that you have gained through such abuse of liquidity as determined by us at any time during our trading relationship; and/or
- e. reject an order or to cancel a trade; and/or
- f. immediately terminate our trading relationship.

Prohibited Trading

No employee and/or former employee who currently works or used to work on a full time or part time basis for the Company or any of its related entities shall, during the term of the employee and/or former employee's service to the Company or any of its related entities and after termination of service become a client of any brand of the Company (either directly or indirectly, alone or with partners, associates, affiliates or any other third party) without the Company's prior written approval. Should the Company consider that the employee and/or former employee is trading with any brand of the Company without the Company's prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances the employee and/or former employee's trading account(s) and all open positions shall be closed immediately, and any funds held within the account shall be confiscated.

No business associate or former business associate of the Company or any of its related entities shall, during the period of the agreement between the associate/former business associate and the Company and after termination of such agreement, become a client of any brand of the Company (either directly or indirectly, alone or with partners, associates, affiliates or any other third party) without the Company's prior written approval. Should the Company consider that the associate/former business associate is trading with any brand of the Company without the Company's prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances the relevant associate/former business associate's trading account(s) and all open positions shall be closed immediately, and any funds held within the account shall be confiscated.

In case of cancelled deposits, and if there is not a confiscation of your funds by a supervisory authority on the grounds of money laundering suspicion or for any other legal infringement, your funds will be returned to the bank account that have been initially received.

Position limits

We may require you to limit the number of open positions which you may have with us at any time, and we may in our sole discretion close out any one or more Transactions in order to ensure that such position limits are maintained.

Trailing Stop functionality in case that MT4 and/or MT5 terminal is closed

In the event that the MetaTrader 4 and/or Metatrader 5 terminal is closed, trailing stop will not work. This happens as the trailing stop works on the client terminal side and in this respect, if the client terminal is closed, only the stop loss that was placed by trailing stop before the closing of the terminal can trigger.

Withdrawals

The withdrawal procedure at Fintana detailed below follows strict principles to ensure that the funds are sent back to their originating source.

- b) The withdrawal form must be submitted to the Fintana Finance department for processing. The Finance department will do the following:

Automatic termination

The date of the occurrence of any Bankruptcy Default shall automatically constitute a Liquidation Date, without the need for any notice by us and the provisions of the following sub-clause shall then apply.

Calculation of Liquidation Amount

Upon the occurrence of a Liquidation Date:

i. neither of us shall be obliged to make any further payments or deliveries under any Transactions which would, but for this clause, have fallen due for performance on or after the Liquidation Date and such obligations shall be satisfied by settlement (whether by payment, set-off or otherwise) of the

Liquidation Amount (as defined below); ii. we shall (on, or as soon as reasonably practicable after, the Liquidation Date) determine (discounting if appropriate), in respect of each Transaction the total cost, loss or, as the case may be, gain, in each case expressed in the Base Currency specified by us in writing or, failing any such specification, the lawful currency of the United States (and, if appropriate, including any loss of bargain, cost of funding or, without duplication, cost, loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or re-establishing of any hedge or related trading position) as a result of the termination, pursuant to this Agreement, of each payment or delivery which would otherwise have been required to be made under such Transaction (assuming satisfaction of each applicable condition precedent and having due regard, if appropriate, to such market quotations published on, or official settlement prices set by the relevant exchange as may be available on, or immediately preceding, the date of calculation); and

iii. we shall treat each cost or loss to us, determined as above, as a positive amount and each gain by us, so determined, as a negative amount and aggregate all of such amounts to produce a single, net positive or negative amount, denominated in the Base Currency (the “**Liquidation Amount**”).

Payer

If the Liquidation Amount determined pursuant to this clause is a positive amount, you shall pay it to us and if it is a negative amount, we shall pay it to you. We shall notify you of the Liquidation Amount, and by whom it is payable, immediately after the calculation of such amount.

Other transactions

Any Liquidation Amount not paid on the due date shall be treated as an unpaid such amount and bear interest, at the average rate at which overnight deposits in the currency of such payment are offered by major banks in the London interbank market as of 11.00 am (London time) (or, if no such rate is available, at such reasonable rate as we may select) plus one (1%) per annum for each day for which such amount remains unpaid.

Base Currency

For the purposes of any calculation hereunder, we may convert amounts denominated in any other currency into the Base Currency at such rate prevailing at the time of the calculation as we shall reasonably select.

Payments

Unless a Liquidation Date has occurred or has been effectively set, we shall not be obliged to make any payment or delivery scheduled to be made by us under a Transaction for as long as an Event of Default or any event which may become (with the passage of time, the giving of notice, the making of any determination hereunder, or any combination thereof) an Event of Default with respect to you has occurred and is continuing.

Agreement takes effect are entered into in reliance upon the fact that the Agreement and all such terms constitute a single agreement between us.

Risk Disclosure

1. The risk of loss arising from Foreign Exchange Contracts and over-the-counter Contracts For Differences can be substantial. You should carefully consider whether such investments are suitable for you in the light of your circumstances and financial resources.
2. If the market moves against your position, you may, in a relatively short time, sustain a total loss of the funds placed by way of margin or deposit. You may be required to deposit a substantial additional sum, at short notice, to maintain your margin balances. If you do not maintain your margin balances your position may be closed out at a loss and you will be liable for any resulting deficit. All positions carry margin requirements between 2% and 5.
3. Under certain market conditions it may be difficult or impossible to close out a position. This may occur, for example, where trading is suspended or restricted at times of rapid price movement.
4. Where permitted, placing a stop-loss order will not necessarily limit your losses to the intended amounts, for market conditions may make it impossible to execute such orders at the stipulated price.
5. Foreign Exchange Contracts and over-the-counter Contracts For Differences can be highly volatile and investments in them carry a substantial risk of loss. The high degree of “gearing” or “leverage” which is often obtainable in trading these contracts stems from the payment of what is a comparatively modest deposit or margin when compared with the overall contract value. As a result, a relatively small market movement can, in addition to achieving substantial gains, where the market moves in your favour, result in substantial losses which may exceed your original investment where there is an equally small movement against you.
6. This brief statement cannot disclose all risks of investments in Foreign Exchange Contracts and Contracts For Differences. They are not suitable for many members of the public and you should carefully study such investments before you commit funds to them.
7. Investing in FX Contracts and CFDs with an underlying asset listed in a currency other than your base currency entails a currency risk, due to the fact that when the CFD or FX Contract is settled in a currency other than your base currency, the value of your return may be affected by its conversion into the base currency.
8. You should also be aware that they are using the website and its services at your own risk. Without limiting the foregoing, the Services are suitable only for customers who are able to bear the loss of all the money they invest, and who understand the risks and have experience in taking risks involved in financial markets. The possibility exists that you could sustain a loss of some or all of your investment and therefore you should not invest money that you cannot afford to lose. You should be aware of all the risks associated with digital options trading (including, but not limited to, risks stemming from market conditions, the rules of certain markets), and seek advice from an independent financial advisor if you have any

doubts. You hereby acknowledge that you will bear sole responsibility for any losses caused through the use of the Site and/or the Services.
